TERMS & CONDITIONS: Please list athlete, item type, ink color and provide any other details of the piece you are interested in sending in. Our staff takes great care of all customer products however there is the possibility that items may get some wear during the signings event. This includes small creases or dings from being handled, the edges of posters may get wrinkled, common with any posters which are sent through the mail, and any other wear that can be expected with a private signing. We will not be held responsible for poor autographs as a result of photos being printed on poor paper. Please remember that each autograph is a one of a kind as it is hand signed. Once the signing occurs and the athlete has signed your item, we will affix a hologram to the item and issue a certificate of authenticity to go with the piece. All guests reserve the right to refuse to sign any item. Shipping costs will be added to orders to be shipped back. US customers are responsible for all duties, taxes and brokerage fees. Orders must be received by the date listed in the event details. Items received after the signing will be returned at the customer's expense. Payment must be received by the cut-off date or the order may be cancelled. Some items listed in the table above may not be available for order at the time of the signing. In the case a player postpones, we will hold all items and orders until we are able to reschedule or contacted by the customer to send items back.

FOR CANADIAN CUSTOMERS: All prices are subject to applicable taxes.

FOR US CUSTOMERS: There is a fee to clear packages, as well as duty on any item made outside North America. The customer is fully responsible for any and all fees.
